BOARD OF EDUCATION POLICY

# IFBGE Internet Safety

<del>7/1/13</del> <u>?/?/16</u>

It is the policy of the Cobb County School District (District) to: (a) prevent user access over its 1 2 computer network to, or transmission of inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other 3 4 unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of 5 personal identification information of minors; (d) educate minors about appropriate online behavior, including interacting with other individuals on social networks, websites, and in chat 6 7 rooms and cyber bullying awareness and response; and (e) comply with the Children's Internet 8 Protection Act, the Neighborhood Children's Protection Act and the Protecting Children in the 21st 9 Century Act (collectively "CIPA").

#### 11 A.-GENERAL PROVISIONS:

# A. + CIPA COMPLIANCE: The District will have

- The District will have the following in continuous operation, with respect to all <del>computers <u>internet-connected devices</u> belonging to <u>devices that connect to the internet in</u> the District:</del>
- a. A qualifying "technology protection measure," as that term is defined in CIPA, to block or filter access to the Internet by adults and minors to visual depictions that are obscene, pornographic or harmful to minors as those terms are defined in CIPA. Subject to staff supervision and advance approval by a technology administrator or other person authorized by the District, the technology protection measure may be disabled for adults engaged in bona fide research or other lawful purposes.
- b. Procedures, materials and/or guidelines developed by the Curriculum, Instruction and Assessment Teaching and Learning Division and the Technology Services Division which provide for monitoring the online activities of users and the use of the chosen technology protection measure to protect against access through such computers to visual depictions that are obscene, pornographic, or harmful to minors, as those terms are defined in CIPA, and to material deemed inappropriate for minors as determined by the District. Such procedures, materials or guidelines will be designed to:
  - a. (1) Provide for monitoring the online activities of users to prevent, to the extent practicable, access by minors to harmful or inappropriate matter on the Internet and the World Wide Web-and the World Wide Web;
    - b. (2) Promote the safety and security of minors when using electronic mail, chat rooms, chat rooms, social networking, and other forms of direct electronic communications;
    - c. (3) Prevent unauthorized access, including so-called "hacking," and other unauthorized activities by minors online;
    - d. (4) Prevent the unauthorized disclosure, use and dissemination of personal identification information regarding minors; and
    - e. (5) Restrict minors' access to materials "harmful to minors," as that term is defined in CIPA.
- 41 3. c. Educational materials, guidelines and procedures which shall be used to educate minors
   42 on appropriate online behavior, including without limitation interacting with other

- 43 individuals on social networking Web Sites and chat rooms web sites and chat rooms
- 44 and cyber-bullying awareness and response.45

# 46 B. <del>2.</del> EDUCATION, SAFETY AND SECURITY OF MINORS:

- Teachers and others working with students will, in accordance with District <u>guidelines</u>
   <u>and terms of service</u>, educate minors on appropriate online behavior, including without
   limitation interacting with other individuals on social networking <del>W</del>web <del>S</del>sites and chat
   rooms and cyber-bullying awareness and response and caution students that they should:
- a. Never place personal contact information or a personal photograph on the Internet, email or any on-line communication device. Personal contact information includes full name, address, telephone number, school address, or names of family or friends.
  - 2. b. Never arrange a face-to-face meeting with someone you meet online.
  - 3. <del>c.</del> Never open attachments or files from unknown senders.
  - d. d. Always report to a teacher any inappropriate sites you observe being accessed by another user or that you access accidentally.

Students should be supervised by instructional personnel when accessing network and internet resources and the following guidelines apply:

#### a.-Elementary School:

Elementary school students may visit sites a teacher has pre-selected for them. Searches should be completed with child friendly Internet search engines (for instance see: www.nettrekker.com)

#### b.-Middle School/High School:

- Middle school and high school students may visit sites a teacher has pre-selected for
   them. They may use search engines other than child-friendly search engines when
   directed to do so by their teacher.
   c.-Non-instructional personnel, such as After School Program (ASP) workers, are not
  - c.—Non-instructional personnel, such as After School Program (ASP) workers, are not permitted to allow students to access technology resources unless it is an instructional activity.

# 73 C. 4. NETWORK AND INFORMATION SYSTEMS SECURITY:

Maintaining network and information systems security is the responsibility of all users. Users should:

- a. a. Not leave an unsecured workstation without logging out of the network;
  - b. b. b. Not share or disclose passwords; and
    - c. c. Notify appropriate personnel immediately if a potential security problem incident is identified.

# 81 D. 5. ACCEPTABLE USE AGREEMENT:

Prior to receiving access to the District's technology resources, employees, students (Form JCDA-3), and other authorized users should complete an Acceptable Use Agreement indicating they accept and agree to the provisions of Administrative Rule IFBG-R (Internet Technology Acceptable Use).

# 86 <del>3.</del>—**Copyright:**

- 87 a.—Students and employees should comply with Administrative Rule GBT-R (Professional 88 Publishing), as well as federal, state or local laws governing-copyrighted material.
- 89 b.-Students/employees will not:
   90 (1)-Download or upload files to the District's technology that might cause copyright
   91 infringement; or
- 92 (2)-Install, use, store, distribute or transmit unauthorized copyrighted or trademarked
   93 materials on District technology.
   94

# 95 E. <del>7.</del> OBJECTIONS:

If students or employees believe that the implementation of this Rule denies access to
material that is not prohibited by this Rule, he/she should submit that concern in writing to
the school principal or designee or his/her supervisor or designee. The principal, supervisor or
designee should report this concern to the appropriate District office within ten (10) school
days.

100 c 101

102	BE-MAIL:			
102 103				
103	E-mail accounts are provided to employees for professional purposes (see Administrative-Rule ECI-R [Communications System])Students may access their personal e-mail accounts for			
104	educational purposes. Where-used in the following guidelines, User/Users refers to both			
105	employees and students:			
100	5.—Persons outside the District may be able to receive information regarding an-employee's			
107	communications and use of the network from the District. (see-Administrative Rule EF-R			
108	[Data Management]).			
110	6.—Employees should request permission from the appropriate administrator prior to-sending			
111	an e-mail message to an entire school staff or District level division.			
112	7.—Employee use of e-mail to transmit confidential student information, as defined in			
113	Administrative-Rule JR-R (Student Records), or sensitive personnel information is			
114	prohibited, except-where the confidential information is sent in an e-mail directly to a			
115	parent/guardian,-the subject of the e-mail, or a school official.			
116	8.—When an employee sends e-mail that contains confidential information, the employee			
117	should refer to the subject of the e-mail by first name only and should include the			
118	following disclaimer:			
119				
120	"This e-mail may contain information that is privileged, confidential and exempt from			
121	disclosure under applicable law. If the reader of this message is not the intended-recipient,			
122	you are hereby notified that any unauthorized dissemination, distribution or copying of any			
123	information from this e-mail is strictly prohibited. If you receive this e-mail in error, please			
124	notify us immediately by collect telephone call at (telephone-number) or electronic mail (e-			
125	mail)."			
126				
127	9.—The District reserves the right to monitor whatever a User does on the network and to			
128	make sure the network functions properly.			
129	10. A User has no privacy as to his/her communications or the uses he/she makes of the			
130	Internet.			
131	11. Users should not use e-mail for personal gain or personal business activities.			
132	12. Users will not use e-mail to distribute inappropriate material through pictures, text,			
133	forwards, attachments, and other forms of information.			
134	13. Users will not send anonymous e-mail, nor will they harass others through e-mail.			
135				
136	CPROHIBITED USES			
137	Ethical use of-District technology prohibits the following activities by all users:			
138	1.—Accessing, sending, creating or posting material or communication that is:			
139	a.—Damaging;			
140	bAbusive;			
141	c.—Obscene, lewd, profane, offensive, indecent, sexually explicit, or pornographic;			
142	d.—Threatening or demeaning to another person; or			
143	e.—Contrary to the District's Rules on harassment and/or bullying.			
144 145	2.—Posting anonymous or forging electronic communications.			
145 146	<ol> <li>Using the network for financial gain, advertising or political lobbying to include student elections.</li> </ol>			
146 147				
147 148	4.—Engaging in any activity that wastes, monopolizes, or compromises the District/school's technology or other resources.			
148 149	5.—Hegal activity, including but not limited to copying or downloading copyrighted-software,			
149 150	music or images, or violations of copyright laws.			
150	6.—Using the District network for downloading music or video files or any other files that-are			
151	not for an educational purpose or, for students, a teacher-directed assignment.			
152	7.—Attempting to gain unauthorized access to District/school technology resources whether on			
155	or off school property.			
154	8.—Using non-educational Internet games, whether individual or multi-user.			
156	9.—Participate in any on-line communication that is not for educational purposes or, for			
157	students, that is not specifically assigned by a teacher.			
158	10. Using voice over IP, internet telephony, video and/or audio communication devices-without			
159	teacher supervision.			

160	11. Using District/school technology resources to gain unauthorized access to another
161	computer system whether on or off school property (e.g. "hacking").
162	12. Attempting to or disrupting District/school technology resources by destroying,-altering, or
163	otherwise modifying technology, including but not limited to, files, data,-passwords,
164	creating or spreading computer viruses, worms, or Trojan horses;-engaging in DOS
165	attacks; or participating in other disruptive activities.
166	13. Bringing on premises any disk or storage device that contains a software application or
167	utility that could be used to alter the configuration of the operating system or-network
168	equipment, scan or probe the network, or provide access to unauthorized-areas or data.
169	14. Attempting/threatening to damage, destroy, vandalize, or steal private/school-property
105	while using school technology resources.
171	15. Bypassing or attempting to circumvent network security, virus protection, network
172	filtering, or policies.
173	16. Using or attempting to use the password or account of another person, utilizing a
174	computer while logged on under another user's account, or any attempt to gain
175	unauthorized access to accounts on the network.
176	17. Connecting to or installing any personal technology computing device or software-without
177	prior approval of the District's Technology Services Division.
178	18. Attempting to obtain access to restricted sites, servers, files, databases, etc.
179	19. Exploring the configuration of the computer operating system or network, running
180	programs not on the menu, or attempting to do anything not specifically authorized by
181	District personnel or policies, Rules or regulations.
-	
182	20. Leaving an unsecured workstation without logging out of the network.
183	
-	DEFINITIONS:
185	As used in this Rule, the terms and definitions contained in CIPA are expressly incorporated
186	herein by reference and the following additional definitions shall also apply:
187	
188	"Chat Rooms" means a Web site, part of a Web site, or part of an online service, that
189	provides a venue for communities of users with a common interest to communicate in real
190	time.

192	"Cyber-bullying" means bullying through an electronic medium such as a computer or cell
193	phone.
194	
194	"DoS attack" means a denial-of-service attack designed to overload an electronic network
196	with useless traffic and messages.
197	
198	"Educational purposes" means it relates to curriculum and instruction, research, career or
199	professional development, or administrative purposes.
200	
201	"E-mail" means an electronic message generated using the District's e-mail and/or Web
202	based e-mail. It is also used generically to mean either the District's e-mail system or a Web-
203	based e-mail system.
204	
205	"Hacking" means the illegal activity of breaking into a computer system or electronic
206	network, regardless of intent to cause harm.
207	
208	"Inappropriate material" means material that does not serve an instructional or educational
209	purpose and that includes, but is not limited, to material that:
210	(i) is profane, vulgar, lewd, obscene, offensive, indecent, sexually explicit, or
211	threatening;
212	(ii) advocates illegal or dangerous acts;
213	(iii) causes disruption to Cobb County School District, its employees or students;
213	(iii) causes disruption to couble county school District, its employees of students, (iv) advocates violence; or
215	(v) contains knowingly false, recklessly false, or defamatory information.
216	
217	"Instructional activity" means a classroom activity that focuses on appropriate and specific
218	learning goals and objectives.

219						
220	"Social networ	*king" means the use of Web sites or other online technologies to				
221	<del>communicate wi</del>	communicate with people and share information, resources, etc.				
222						
223	"Teacher direc	ted" means that the teacher gives to the students' specific instructions for				
	• • • • • • • • • • • • • • • • • • •					
224	activities and as	<del>signments.</del>				
225	-					
226	"Teacher supe	rvised" means that a staff member will oversee the activities of the students.				
227						
228	<del>"Technology</del> ″ ⊧	neans but is not limited to electronic media systems such as computers,				
229	computing device	ces, peripheral devices, telecommunication equipment, electronic networks,				
230	messaging, and Web site publishing, and the associated hardware and software programs					
231	used for purposes such as, but not limited to, developing, retrieving, storing, disseminating,					
232		and accessing instructional, educational, and administrative information.				
	and accessing in	istructional, educational, and administrative information.				
233						
234	-	means a destructive computer program that enters onto a computer by				
235	pretending to be	e a simple and safe computer application.				
236						
237	"Users" means	District students, certain employees, including school and Central Office staff,				
238	and other autho	rized persons who use the District's technology.				
239						
240	"Virus" means a	a replicating computer program or piece of code that is loaded onto a				
241		ut the user's knowledge and may attach itself to other computer programs and				
242	spread to other					
	spread to other	computers.				
243						
244	<del>"web Page</del> " me	eans a single document or file on the Web, identified by a unique URL.				
245						
246	<del>"Web Site</del> " mea	ans a collection of "pages" or files on the Web that are linked together and				
247	maintained by a	company, organization, or individual.
