**COBB COUNTY BOARD OF EDUCATION
AGENDA ITEM
December 8, 2022**

TOPIC:

AGENDA ITEM #1 – Recommendation for Approval of School Properties Disposal per District Administrative Rule DO-R

BACKGROUND/RATIONALE:

Through normal operations, the district generates surplus property and equipment due to damage and obsolescence on a regular basis. Items that are no longer needed by a school or department but are still in good condition and re-usable are made available to other schools and departments at no charge. Items that are no longer usable in the District are declared surplus. **State Law requires School Board approval for District Property to be designated as surplus under §20-2-520 of the Georgia Code of Laws.** The need to dispose of these items in an efficient, cost effective and expeditious manner is imperative to the district. Items are currently stored in the District warehouse that have been deemed surplus. A complete list of current surplus items is on file in the Superintendent's office or on the District's website under Meeting Agenda Items. All items listed are no longer of use by the District.

Methods available to dispose of surplus items include:

Public auction

Sealed bid or private sale

The State of Georgia Department of Administrative Services on-line and public auction services

Sale to other public-school districts at costs equal to previous auction results

Online auctions

Negotiated contracts

Upon Board approval of the attached lists, the Business Services Division will dispose of this surplus in a manner that is the most cost effective and efficient for the district as outlined in Administrative Rule DO-R. Acceptable methods of disposal will be continually reviewed to maximize our return on investment.

SUPERINTENDENT'S RECOMMENDATION:

Approve the recommendation for authorization of School Properties Disposal as detailed in the lists on file in the Superintendent's office.

COST:

The District will receive revenue for the disposal of these items. The revenues received will assist in deferring labor costs for management of the disposal process

AGENDA ITEM
December 8, 2022**

TOPIC:

AGENDA ITEM #2 – Recommendation for Approval of Short-Term Construction Note Resolution Approving the Issuance of Request for Bids for the Purchase of \$100 Million of Construction Notes

BACKGROUND/RATIONALE:

Construction and other SPLOST projects are currently scheduled and paid using SPLOST funds that are collected on a monthly basis throughout the year.

It is estimated that construction costs in Cobb County are increasing 40%-50% each year. By borrowing funds in advance of receipt of monthly SPLOST collections and starting projects at the beginning of a calendar year, it is estimated that construction projects could be accelerated and be less expensive resulting in substantial savings to the school district. Approval will allow SPLOST V construction projects to be bid earlier to capture savings in the current construction market. The acceleration plan proposes the issuance of \$100 million in short-term construction notes for calendar year 2023. The short-term construction notes will be due before December 31, 2023.

The District's financial advisor, The PFM Group, and the District's bond counsel, Murray Barnes Finister LLP, have prepared documentation relating to the short-term construction note offering for the solicitation of competitive bids for the sale of the construction notes.

SUPERINTENDENT'S RECOMMENDATION:

Approve the resolution regarding the competitive sale of \$100 million of short-term construction notes.

IFD-R Animals in Schools

X/X/22

1 RATIONALE/OBJECTIVE:

2
3 The Cobb County School District (District) recognizes that the use of animals in schools can
4 provide a benefit to students and staff and adheres to the requirement of the Americans with
5 Disabilities Act (ADA) in reference to animals in schools.
6
7

8 RULE:**10 A. DEFINITIONS:****11 1. Handler:**

12 An individual with a disability for whose benefit a service animal has been trained to do
13 work or perform tasks. The principal or other designated building supervisor may consider
14 on a case-by-case basis requests from parents for another person to be the animal's
15 handler if the disabled person is physically or mentally unable to exercise the proper
16 amount of control over the animal.

17 2. Service Animal:

18 Any dog that is individually trained to do work or perform tasks for the benefit of an
19 individual with a disability, including a physical, sensory, psychiatric, intellectual, or other
20 mental disability. Other species of animals, whether wild or domestic, trained or untrained,
21 are not Service Animals for the purposes of this definition. (See, however, Section G
22 below). The work or tasks performed by a Service Animal must be directly related to the
23 individual's disability. Examples of work or tasks include, but are not limited to, assisting
24 individuals who are blind or have low vision with navigation and other tasks, alerting
25 individuals who are deaf or hard of hearing to the presence of people or sounds, providing
26 non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a
27 seizure, alerting individuals to the presence of allergens, retrieving items such as medicine
28 or the telephone, providing physical support and assistance with balance and stability to
29 individuals with mobility disabilities, and helping persons with psychiatric and neurological
30 disabilities by preventing or interrupting impulsive or destructive behaviors. The crime
31 deterrent effects of an animal's presence and the provision of emotional support, well-
32 being, comfort, or companionship do not constitute work or tasks for the purposes of this
33 definition.
34

35 B. REQUIREMENTS FOR SERVICE ANIMALS AND HANDLERS:

36
37 The District and its employees are generally not responsible for the care and supervision of a
38 Service Animal. A Service Animal is the personal property of the Handler and/or his parent(s)
39 or guardian(s). The District does not assume responsibility for training, daily care, or
40 healthcare of Service Animals. The Handler shall be responsible for ensuring that the Service
41 Animal complies with each of the following requirements:

42 1. Control:

- 43 a. A Handler must exercise control over their Service Animal at all times. A Handler shall
44 be prohibited from transferring control of a Service Animal to another person for any
45 period of time. In addition, a Handler's control over a Service Animal shall be sufficient
46 to prevent the Service Animal from engaging in unruly or disruptive behavior, including
47 but not limited to barking, biting, growling, whining, attacking, jumping at others,
48 jumping on others, or running around.
- 49 b. A Service Animal shall have a harness, leash, or other tether, unless either the handler
50 is unable because of a disability to use a harness, leash, or other tether, or the use of a

- 51 harness, leash, or other tether would interfere with the Service Animal's safe, effective
52 performance of work or tasks, in which case the Service Animal must be otherwise
53 under the handler's control (e.g., voice control, signals, or other effective means).
54 c. If a Service Animal is out of control and the Handler does not take effective action to
55 control it, the Handler may be asked to remove the Service Animal from District
56 facilities until such time as the Handler is capable of exercising control over the Service
57 Animal.
58 d. In the event the Handler is not capable of exercising control over their Service Animal,
59 the Handler shall be responsible for providing an individual to assist the Handler in
60 exercising and maintaining control over the Service Animal.

61 **2. Housebroken:**

- 62 a. All Service Animals must be housebroken.
63 b. Handlers, in coordination with local school or location staff, shall identify an appropriate
64 location isolated from student activities for a Service Animal to eliminate liquid and
65 solid waste. All solid waste generated by the Service Animals shall be collected in a
66 plastic bag, removed, and disposed of in a trash receptacle immediately by the
67 Handler. It is the responsibility of the handler to provide plastic bags or other materials
68 required to implement this provision in a sanitary manner.
69 c. Where a Service Animal fails to control its bodily functions due to an isolated illness or
70 accident, the Handler shall immediately clean and disinfect the exposed area and
71 dispose of all fluid and solid waste.
72 d. In the event that the Handler is not capable of attending to the bodily functions of the
73 Service Animal, the Handler shall be responsible for providing an individual to assist
74 the Handler.

75 **3. Vaccinations, Illness, and Grooming:**

- 76 a. All Service Animals shall be inoculated for the prevention of rabies and all other
77 vaccines required by local law or ordinance. School officials shall be provided, upon
78 request, copies of inoculation or vaccination certificates from the animal's veterinarian.
79 b. A Handler shall not bring a Service Animal to a District facility whenever the Service
80 Animal is ill. Whenever a Service Animal becomes ill while at a District facility, the
81 Service Animal shall be removed immediately.
82 c. Handlers shall ensure that their Service Animal is clean and well groomed. Service
83 Animals shall be free of fleas and other insects, free of foul odors, and appropriately
84 groomed. Where a Handler is notified that a Service Animal is not clean and well
85 groomed, the Handler shall not return to a District facility with the Service Animal until
86 the Service Animal has been appropriately treated, cleaned or groomed.

87 **4. Liability:**

- 88 a. The Handler and his/her parents/guardians are liable for all damages caused by the
89 Service Animal, including, but not limited to, injuries to other students or staff,
90 damages to District property, damages to staff or student property, cleaning costs, etc.
91 b. The Handler shall immediately report all incidents of property damage or personal
92 injury caused by the Service Animal at a District facility or a District event to the local
93 school principal.

94 **5. Exceptions:**

95 In the event that the Handler is incapable of exercising control over their Service Animal or
96 attending to the bodily functions of the Service Animal the appropriate school-based team
97 may consider accommodations on a case-by-case basis.
98

99 **C. ACCESS:**

100 **1. General Rule:**

- 101 a. Handlers accompanied by Service Animals shall generally be permitted to be
102 accompanied by their Service Animals in all areas of a District facility where the
103 student would otherwise be permitted, subject to the same terms and conditions
104 applicable to other students.
105 b. Handlers will not be subject to any additional fee or surcharge because they are
106 accompanied by a Service Animal.
107 c. If it is obvious what service the Service Animal provides to the individual with a
108 disability, then District staff should not make any further inquiries regarding the tasks
109 performed by the service animal (i.e. a guide dog for an individual with impaired

110 vision). Only limited inquiries are allowed by District staff to determine if a dog is a
111 service animal when it is not obvious what service the dog provides, and staff may ask
112 only the following two questions:

113 (1) Is the service animal required because of a disability?

114 (2) What work or task has the service animal been trained to perform?

115 d. District staff shall not require documentation, such as proof that the animal has been
116 certified, trained, or licensed as a service animal.

117 **2. Exceptions:**

118 a. **Control:**

119 A Service Animal may be removed from a District facility where the Handler fails to
120 exercise control over the Service Animal.

121 b. **Housebroken:**

122 A Service Animal may be removed from a District facility where the Service Animal is
123 not housebroken. Isolated accidents and illness will be tolerated on a case-by-case
124 basis.

125 c. **Illness:**

126 A Service Animal may be removed from a District facility where the Service Animal is
127 ill.

128 d. **Grooming:**

129 A Service Animal may be removed from a District facility where the Service Animal is
130 not clean and well groomed, including free of fleas and other insects, and free of foul
131 odors.

132 **3. Health and Safety of the Handler, Animal or Other Persons:**

133 a. Where the presence of the Service Animal would pose a direct threat to the health, or
134 safety of the Handler, students, staff, or others, the Service Animal may be denied
135 access. Examples: Food Preparation Areas, and Science Laboratories. These areas
136 should be identified in the service implementation plan (see Paragraph D below).

137 b. In determining whether a Service Animal pose a direct threat to the health or safety of
138 others, the Teaching and Learning Support and Specialized Services Assistant
139 Superintendent (or designee) will conduct an individualized assessment, based on
140 reasonable judgment that relies on current medical knowledge or on the best available
141 objective evidence, to ascertain: the nature, duration, and severity of the risk; the
142 probability that the potential injury will actually occur; and whether reasonable
143 modifications of policies, practices, or procedures or the provision of auxiliary aids or
144 services will mitigate the risk.

145 **4. Fundamental Alteration:**

146 A Service Animal may be removed from a District facility where the presence of the
147 Service Animal would cause or require a fundamental alteration of a program or activity.
148 For example, an animal that continually interrupts the classroom or educational program
149 may be removed from the building. However, isolated events of misbehavior from an
150 otherwise controlled animal will not give rise to a removal.

151 **5. Opportunity to Participate:**

152 Where a Service Animal is denied access to a District facility on any of the foregoing
153 grounds, the student Handler shall be given the opportunity to participate in the service,
154 program, or activity without having the Service Animal on the premises.

155 **D. IMPLEMENTATION PLAN FOR ALL SERVICE ANIMALS**

156 **1. Notification:**

157 The District encourages parents and guardians of Handlers to notify the principal of the
158 local school they will be attending as far in advance as possible of the fact that their child
159 intends to be accompanied by a Service Animal while attending school.

160 **2. Implementation Plan:**

161 a. Upon receipt of notification that a student seeks to be accompanied by a Service
162 Animal trained to assist them with their disability, the principal of the local school, or
163 designee, should invite the parent(s), guardian(s), and Handler to the school to assist
164 in the development of an Implementation Plan to facilitate the Handler and the Service
165 Animals school attendance.

166 b. The Implementation Plan should be developed with the input and assistance of
167 appropriate District staff members. Implementation Plan Team members may include,
168

169 but not be limited to, administrators, teachers, paraprofessionals, cafeteria staff, and
170 transportation staff.

- 171 c. The Implementation Plan may include but is not limited to:
172 (1) Plans to familiarize the Handler and Service Animal with the school campus;
173 (2) Plans to orient the Service Animal to school faculty and students;
174 (3) Plans to educate others on proper behavior around a Service Animal;
175 (4) Plans, procedures and locations for the Service Animal's bodily functions;
176 (5) Plans to accommodate the Service Animals need for rest time;
177 (6) Plans to accommodate the Service Animals need for water;
178 (7) Plans to evacuate the Service Animal and the Handler in the event of an
179 emergency; and,
180 (8) Areas where the presence of the Service Animal may pose a direct threat, as
181 outlined above.
182

183 **E. IMPLEMENTATION AND DISPUTES:**

- 184 1. This procedure shall be implemented by the principal of the local school, or the individual
185 in charge of District facility where the Handler and Service Animal seek access.
186 2. In the event that a parent or guardian of a Handler believes that a Handler and his or her
187 Service Animal have been improperly denied access to District facility, the parent or
188 guardian shall first notify the principal of the local school, or individual in charge of specific
189 facility where the Handler and Service Animal seek access in writing of the facts or
190 circumstances under which they contend access was improperly denied. The principal of
191 the local school or individual in charge of the facility where the Handler and Service Animal
192 seek access shall review the facts and circumstances of the parent or guardian's complaint
193 and issue a decision in a reasonable time, not to exceed twenty (20) school days from the
194 receipt of the parent or guardian's complaint.
195 3. In the event that the parent or guardian of a Handler believes that the decision of the
196 principal of the local school or the individual in charge of the facility where the Handler and
197 Service Animal seek access is in error, then a parent or guardian shall file a written
198 complaint with the Teaching and Learning Support and Specialized Services Assistant
199 Superintendent. Upon receipt of a complaint the assistant superintendent (or designee)
200 shall conduct an investigation to determine whether a Handler or his or her Service Animal
201 have been improperly denied access to the District's facilities. The investigation shall, in
202 the discretion of the investigator, include discussions with the parent, guardian, Handler,
203 District staff members, medical and veterinary professionals, and any other relevant
204 source.
205 4. The investigator shall issue a written decision on the complaint within a reasonable time,
206 not to exceed twenty (20) days from the receipt of the parent or guardian's complaint.
207

208 **F. IDEA AND SECTION 504 REMEDIES:**

- 209 1. In the event that a parent, guardian of eligible Handler contend the additional
210 accommodations are necessary to provide a disabled student with a Free Appropriate
211 Public Education, beyond those offered by this policy, the Student's IEP Committee and/or
212 504 Committee shall address those concerns on a case-by-case basis.
213

214 **G. MINIATURE HORSES**

- 215 1. Reasonable modifications in policies, practices, or procedures will be made to permit the
216 use of a miniature horse by an individual with a disability if the miniature horse has been
217 individually trained to do work or perform tasks for the benefit of the individual with a
218 disability.
219 2. In determining whether reasonable modifications in policies, practices, and procedures can
220 be made to allow a miniature horse into a specific District facility, the District must
221 consider the following factors:
222 a. The type, size, and weight of the miniature horse and whether the facility can
223 accommodate these features;
224 b. Whether the Handler has sufficient control of the miniature horse;
225 c. Whether the miniature horse is housebroken; and
226 d. Whether the miniature horse's presence in a specific facility compromises legitimate
227 safety requirements that are necessary for safe operation.

- 228 3. All additional requirements for Service Animals in these regulations shall apply to
229 miniature horses.

230

231

231 **H. EMOTIONAL SUPPORT/COMFORT ANIMALS:**

232

- 232 1. An emotional support/comfort animal is an animal that's function is to provide comfort,
233 companionship, therapeutic benefits, or to promote general emotional well-being.
234 Emotional support/comfort animals are not trained to perform a disability-specific task and
235 are not Service Animals as defined by law or this rule.
236 2. An emotional support/comfort animal may be used at the discretion of the principal as part
237 of a specific crisis intervention program.
238 3. The use of an emotional support/comfort animal is subject to the same guidelines and
239 expectations as outlined for service animals as listed above.

240

241

241 **I. CLASSROOM PETS:**

242

242 Classroom pets can provide opportunities to achieve a variety of learning objectives. Due to
243 the issues such as allergies, injuries, and zoonotic diseases, however, teachers should
244 exercise restraint and take appropriate measures to limit the risks associated with classroom
245 pets.

246

- 246 1. Classroom pets shall be allowed at the discretion of the building principal.
247 2. Classroom pets should be limited to animals that are bred in captivity, and necessary to
248 achieve the learning objectives. Animals appropriate for the classroom include fish,
249 psittacine birds, reptiles and amphibians, and pocket pets (e.g., hamsters, guinea pigs,
250 gerbils).
251 3. Students should not be permitted to handle any pet or be given caring or cleaning duties
252 without prior parent/guardian consent.
253 4. Cleaning of pet enclosures should be done as often as necessary following procedures
254 outlined below, to keep the animal healthy, prevent odors from building up, and eliminate
255 any unsanitary conditions.
256 5. Procedures:
257 a. Fish – Use disposable gloves when cleaning aquariums, and do not dispose of aquarium
258 water in sinks used for food preparation or for obtaining drinking water.
259 b. Psittacine birds – Because these birds (parrots, parakeets, budgies, cockatiels) can
260 carry disease, they cannot be handled by students. Staff members should clean cages
261 when students are not present. Birds must be treated or test negative for psittacosis
262 (chlamydiosis).
263 c. Reptiles and Amphibians – Because of the risk of Salmonella bacteria, special
264 precautions must be taken when students handle these animals. Students under the
265 age of five should not have contact with reptiles and amphibians. No turtles with a
266 carapace length less than four inches are allowed in schools. Any child handling a
267 reptile or amphibian must wash his/her hands thoroughly with warm water and soap
268 afterwards. Hand sanitizer or "wet wipes" can only be used as an adjunct to soap and
269 water.
270 d. Hamsters, Guinea pigs, and Gerbils – Because these "pocket pets" can carry
271 Salmonella bacteria and Lymphocytic choriomeningitis virus, special care must be
272 taken when students handle these animals. Students under the age of five must not
273 handle these animals. Any student handling a "pocket pet" should be instructed to
274 wash his/her hands thoroughly with warm water and soap afterwards. Hand sanitizer
275 or "wet wipes" can only be used as an adjunct to soap and water.
276 6. Any animal bits or scratches from a classroom pet should be immediately reported to the
277 school nurse.

The goal of the District is to provide parents/guardians access to educational information in order for them to make informed decisions regarding their child's education.

A parent/legal guardian may review records relating to his/her minor child by contacting the principal or designee at the child's enrolled school in accordance with Administrative Rule JR-R (Student Records).

B. Instructional Materials:

A parent/legal guardian may learn about his/her minor child's courses of study, including, but not limited to parental access to instructional resources, also referred to as Core Learning Resources, that are intended for use in the child's classroom.
