**COBB COUNTY BOARD OF EDUCATION**  
**AGENDA ITEM**  
**September 18, 2025**

**TOPIC:**

**AGENDA ITEM #1** – Recommendation for Approval of School Properties Disposal per District Administrative Rule DO-R

**BACKGROUND/RATIONALE:**

Through normal operations, the district generates surplus property and equipment due to damage and obsolescence on a regular basis. Items that are no longer needed by a school or department but are still in good condition and re-usable are made available to other schools and departments at no charge. Items that are no longer usable in the District are declared surplus. **State Law requires School Board approval for District Property to be designated as surplus under §20-2-520 of the Georgia Code of Laws.** The need to dispose of these items in an efficient, cost effective and expeditious manner is imperative to the district. Items are currently stored in the District warehouse that have been deemed surplus. A complete list of current surplus items is on file in the Superintendent's office or on the District's website under Meeting Agenda Items. All items listed are no longer of use by the District.

Methods available to dispose of surplus items include:

Public auction

Sealed bid or private sale

The State of Georgia Department of Administrative Services on-line and public auction services

Sale to other public-school districts at costs equal to previous auction results

Online auctions

Negotiated contracts

Upon Board approval of the attached lists, the Business Services Division will dispose of this surplus in a manner that is the most cost effective and efficient for the district as outlined in Administrative Rule DO-R. Acceptable methods of disposal will be continually reviewed to maximize our return on investment.

**SUPERINTENDENT'S RECOMMENDATION:**

Approve the recommendation for authorization of School Properties Disposal as detailed in the lists on file in the Superintendent's office.

**COST:**

The District will receive revenue for the disposal of these items. The revenues received will assist in deferring labor costs for management of the disposal process

**AGENDA ITEM #2** – Recommendation for the Approval of a Board Resolution Certifying the FY2027 Georgia State Capital Outlay Project Application

**BACKGROUND/RATIONALE:**

The Planning/Construction/SPLOST staff have been working closely with the Georgia State Department of Education to prepare the FY2027 Capital Outlay Project Application. Based on this application and dependent on the actual cost of the projects, the Georgia State Department of Education will reimburse Cobb County School District up to \$13,130,440. The Georgia State Department of Education requires that the local Board certify and authorize the Board Chair and Superintendent to execute the FY2027 Capital Outlay Project Application in order to move forward at this time. Approval of this resolution will allow the Cobb County School District to comply with the Georgia State Department of Education requirements and move forward with submitting an FY2027 Capital Outlay Application.

**SUPERINTENDENT'S RECOMMENDATION:**

Approve the Resolution certifying the FY2027 Capital Outlay Application, have the documents executed by the Superintendent and the Board Chair, and submit to the Georgia State Department of Education.

## DISTRICT ADMINISTRATIVE RULE

### IFD-R Animals in Schools

7/1/24 x/x/25

#### RATIONALE/OBJECTIVE:

The Cobb County School District (District) recognizes that the use of animals in schools can provide a benefit to students and staff and adheres to the requirement of the Americans with Disabilities Act (ADA) in reference to animals in schools.

#### RULE:

##### A. DEFINITIONS:

###### 1. Handler:

###### a. For Service Animals:

An individual with a disability for whose benefit a service animal has been trained to do work or perform tasks. The principal or other designated building supervisor may consider on a case-by-case basis requests from parents for another person to be the animal's handler if the disabled person is physically or mentally unable to exercise the proper amount of control over the animal.

###### b. For Emotional Support/Comfort Animals and Therapy Dog Teams:

A District school counselor, school social worker, or school psychologist who has received appropriate training.

###### 2. Service Animal:

Any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not Service Animals for the purposes of this definition. (See, however, Section G below). The work or tasks performed by a Service Animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

###### 3. Emotional Support/Comfort Animal:

- a. An Emotional Support/Comfort Animal is an animal whose function is to provide comfort, companionship, therapeutic benefits, or to promote general emotional well-being. Emotional Support/Comfort Animals are not trained to perform a disability-specific task and are not Service Animals as defined by law or this rule.
- b. An Emotional Support/Comfort Animal may be used at the discretion of the principal as part of a specific crisis intervention program and as approved by the appropriate assistant superintendent.

- c. The use of an Emotional Support/Comfort Animal is subject to the same guidelines and expectations as outlined for service animals as listed herein.
- d. An Emotional Support/Comfort Animal and the associated interventions is to be used only by District school counselors, school social workers, or school psychologists that utilizes interventions for students within the scope of their job description as approved by the appropriate assistant superintendent.
- e. Emotional Support/Comfort Animals must be fully certified by a recognized organization and proof of certification shall be provided prior to allowing the animal on campus.

**4. Therapy Dog Team:**

- a. A registered therapy dog and their handler who utilizes Animal Assisted Interventions (AAI) to assist students who are struggling with emotional regulation (anger management, bullying behavior, anti-social conduct, and reduce stress and anxiety) while also contributing to the improvement of academics.
- b. A therapy dog and the associated interventions are to be used only by District school counselors, school social worker, or school psychologist who utilizes interventions for students within the scope of their job description as approved by the appropriate assistant superintendent.
- c. Therapy Dog Teams must be fully certified by a recognized organization and proof of certification shall be provided prior to allowing the animal on campus.

**5. Approved Animal:**

Collectively refers to a Service Animal, Emotional Support/Comfort Animal and Therapy Dog Team.

**B. REQUIREMENTS FOR SERVICE ANIMALS/EMOTIONAL SUPPORT/COMFORT ANIMALS/THERAPY DOG TEAMS AND HANDLERS:**

The District and its employees are generally not responsible for the care and supervision of a an Approved Animal. An Approved Animal is the personal property of the Handler and/or his parent(s) or guardian(s). The District does not assume responsibility for training, daily care, or healthcare of Approved Animals. The Handler shall be responsible for ensuring that the Approved Animal complies with each of the following requirements:

**1. Control:**

- a. A Handler must exercise control over their Approved Animal at all times. A Handler shall be prohibited from transferring control of an Approved Animal to another person for any period of time. In addition, a Handler's control over an Approved Animal shall be sufficient to prevent the Approved Animal from engaging in unruly or disruptive behavior, including but not limited to barking, biting, growling, whining, attacking, jumping at others, jumping on others, or running around.
- b. An Approved Animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the Approved Animal's safe, effective performance of work or tasks, in which case the Approved Animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- c. If an Approved Animal is out of control and the Handler does not take effective action to control it, the Handler may be asked to remove the Approved Animal from District facilities until such time as the Handler is capable of exercising control over the Approved Animal.
- d. In the event the Handler is not capable of exercising control over their Approved Animal, the Handler shall be responsible for providing an individual to assist the Handler in exercising and maintaining control over the Approved Animal.

**2. Housebroken:**

- a. All Approved Animal must be housebroken.
- b. Handlers, in coordination with local school or location staff, shall identify an appropriate location isolated from student activities for an Approved Animal to eliminate liquid and solid waste. All solid waste generated by the Approved Animal shall be collected in a plastic bag, removed and disposed of in a trash receptacle immediately by the Handler.

104 It is the responsibility of the handler to provide plastic bags or other materials required  
105 to implement this provision in a sanitary manner.

- 106 c. Where an Approved Animal fails to control its bodily functions due to an isolated illness  
107 or accident, the Handler shall immediately clean and disinfect the exposed area and  
108 dispose of all fluid and solid waste.
- 109 d. In the event that the Handler is not capable of attending to the bodily functions of the  
110 Approved Animal, the Handler shall be responsible for providing an individual to assist  
111 the Handler.

112 **3. Vaccinations, Illness, and Grooming:**

- 113 a. All Approved Animals shall be inoculated for the prevention of rabies and all other  
114 vaccines required by local law or ordinance. School officials shall be provided, upon  
115 request, copies of inoculation or vaccination certificates from the animal's veterinarian.
- 116 b. A Handler shall not bring an Approved Animal to a District facility whenever the  
117 Approved Animal is ill. Whenever an Approved Animal becomes ill while at a District  
118 facility, the Approved Animal shall be removed immediately.
- 119 c. Handlers shall ensure that their Approved Animal is clean and well groomed. Approved  
120 Animals shall be free of fleas and other insects, free of foul odors, and appropriately  
121 groomed. Where a Handler is notified that an Approved Animal is not clean and well  
122 groomed, the Handler shall not return to a District facility with the Approved Animal  
123 until the Approved Animal has been appropriately treated, cleaned or groomed.

124 **4. Liability:**

- 125 a. The Handler and his/her parents/guardians are liable for all damages caused by the  
126 Service Animal, including, but not limited to, injuries to other students or staff,  
127 damages to District property, damages to staff or student property, cleaning costs, etc.
- 128 b. Handlers of Emotional Support/Comfort Animals and Therapy Dog Teams are liable for  
129 all damages caused by the Emotional Support/Comfort Animals and Therapy Dog  
130 Teams, including, but not limited to, injuries to other students or staff, damages to  
131 District property, damages to staff and student property, cleaning costs, etc. Prior to  
132 brining a dog on campus, Handlers of Emotional Support/Comfort Animals and Therapy  
133 Dog Teams must provide proof of insurance.
- 134 c. The Handler shall immediately report all incidents of property damage or personal  
135 injury caused by the Approved Animal at a District facility or a District event to the  
136 local school principal.
- 137 d. Proof of current registration/certificate (from an AKC approved organization) must be  
138 kept on hand at all times by Emotional Support/Comfort Animal and Therapy Dog  
139 Handlers.

140 **5. Exceptions:**

141 In the event that the Handler is incapable of exercising control over their Approved Animal  
142 or attending to the bodily functions of the Service Animal the appropriate school-based  
143 team may consider accommodations on a case-by-case basis.  
144

145 **C. ACCESS SPECIFIC TO SERVICE ANIMALS:**

146 **1. General Rule:**

- 147 a. Handlers accompanied by Service Animals shall generally be permitted to be  
148 accompanied by their Service Animals in all areas of a District facility where the  
149 student would otherwise be permitted, subject to the same terms and conditions  
150 applicable to other students.
- 151 b. Handlers will not be subject to any additional fee or surcharge because they are  
152 accompanied by a Service Animal.
- 153 c. If it is obvious what service the Service Animal provides to the individual with a  
154 disability, then District staff should not make any further inquiries regarding the tasks  
155 performed by the service animal (i.e. a guide dog for an individual with impaired  
156 vision). Only limited inquiries are allowed by District staff to determine if a dog is a  
157 service animal when it is not obvious what service the dog provides, and staff may ask  
158 only the following two questions:  
159 (1) Is the service animal required because of a disability?  
160 (2) What work or task has the service animal been trained to perform?
- 161 d. District staff shall not require documentation, such as proof that the animal has been  
162 certified, trained, or licensed as a service animal.

163 2. **Exceptions:**

164 a. **Control:**

165 A Service Animal may be removed from a District facility where the Handler fails to  
166 exercise control over the Service Animal.

167 b. **Housebroken:**

168 A Service Animal may be removed from a District facility where the Service Animal is  
169 not housebroken. Isolated accidents and illness will be tolerated on a case-by-case  
170 basis.

171 c. **Illness:**

172 A Service Animal may be removed from a District facility where the Service Animal is  
173 ill.

174 d. **Grooming:**

175 A Service Animal may be removed from a District facility where the Service Animal is  
176 not clean and well groomed, including free of fleas and other insects, and free of foul  
177 odors.

178 3. **Health and Safety of the Handler, Animal or Other Persons:**

- 179 a. Where the presence of the Service Animal would pose a direct threat to the health, or  
180 safety of the Handler, students, staff, or others, the Service Animal may be denied  
181 access. Examples: Food Preparation Areas, and Science Laboratories. These areas  
182 should be identified in the service implementation plan (see Paragraph D below).  
183 b. In determining whether a Service Animal pose a direct threat to the health or safety of  
184 others, the Teaching and Learning Support and Specialized Services Assistant  
185 Superintendent (or designee) will conduct an individualized assessment, based on  
186 reasonable judgment that relies on current medical knowledge or on the best available  
187 objective evidence, to ascertain: the nature, duration, and severity of the risk; the  
188 probability that the potential injury will actually occur; and whether reasonable  
189 modifications of policies, practices, or procedures or the provision of auxiliary aids or  
190 services will mitigate the risk.

191 4. **Fundamental Alteration:**

192 A Service Animal may be removed from a District facility where the presence of the  
193 Service Animal would cause or require a fundamental alteration of a program or activity.  
194 For example, an animal that continually interrupts the classroom or educational program  
195 may be removed from the building. However, isolated events of misbehavior from an  
196 otherwise controlled animal will not give rise to a removal.

197 5. **Opportunity to Participate:**

198 Where a Service Animal is denied access to a District facility on any of the foregoing  
199 grounds, the student Handler shall be given the opportunity to participate in the service,  
200 program, or activity without having the Service Animal on the premises.  
201

202 **D. IMPLEMENTATION PLAN FOR ALL SERVICE ANIMALS:**

203 1. **Notification:**

204 The District encourages parents and guardians of Handlers to notify the principal of the  
205 local school they will be attending as far in advance as possible of the fact that their child  
206 intends to be accompanied by a Service Animal while attending school.

207 2. **Implementation Plan:**

- 208 a. Upon receipt of notification that a student seeks to be accompanied by a Service  
209 Animal trained to assist them with their disability, the principal of the local school, or  
210 designee, should invite the parent(s), guardian(s), and Handler to the school to assist  
211 in the development of an Implementation Plan to facilitate the Handler and the Service  
212 Animals school attendance.  
213 b. The Implementation Plan should be developed with the input and assistance of  
214 appropriate District staff members. Implementation Plan Team members may include,  
215 but not be limited to, administrators, teachers, paraprofessionals, cafeteria staff, and  
216 transportation staff.  
217 c. The Implementation Plan may include but is not limited to:  
218 (1) Plans to familiarize the Handler and Service Animal with the school campus;  
219 (2) Plans to orient the Service Animal to school faculty and students;  
220 (3) Plans to educate others on proper behavior around a Service Animal;  
221 (4) Plans, procedures and locations for the Service Animal's bodily functions;

- (5) Plans to accommodate the Service Animals need for rest time;
- (6) Plans to accommodate the Service Animals need for water;
- (7) Plans to evacuate the Service Animal and the Handler in the event of an emergency; and,
- (8) Areas where the presence of the Service Animal may pose a direct threat, as outlined above.

#### **E. IMPLEMENTATION AND DISPUTES FOR SERVICE ANIMALS:**

1. This procedure shall be implemented by the principal of the local school, or the individual in charge of District facility where the Handler and Service Animal seek access.
2. In the event that a parent or guardian of a Handler believes that a Handler and his or her Service Animal have been improperly denied access to District facility, the parent or guardian shall first notify the principal of the local school, or individual in charge of specific facility where the Handler and Service Animal seek access in writing of the facts or circumstances under which they contend access was improperly denied. The principal of the local school or individual in charge of the facility where the Handler and Service Animal seek access shall review the facts and circumstances of the parent or guardian's complaint and issue a decision in a reasonable time, not to exceed twenty (20) school days from the receipt of the parent or guardian's complaint.
3. In the event that the parent or guardian of a Handler believes that the decision of the principal of the local school or the individual in charge of the facility where the Handler and Service Animal seek access is in error, then a parent or guardian shall file a written complaint with the Teaching and Learning Support and Specialized Services Assistant Superintendent. Upon receipt of a complaint the assistant superintendent (or designee) shall conduct an investigation to determine whether a Handler or his or her Service Animal have been improperly denied access to the District's facilities. The investigation shall, in the discretion of the investigator, include discussions with the parent, guardian, Handler, District staff members, medical and veterinary professionals, and any other relevant source.
4. The investigator shall issue a written decision on the complaint within a reasonable time, not to exceed twenty (20) days from the receipt of the parent or guardian's complaint.

#### **F. IDEA AND SECTION 504 REMEDIES RELATED TO SERVICE ANIMALS:**

1. In the event that a parent, guardian of eligible Handler contend the additional accommodations are necessary to provide a disabled student with a Free Appropriate Public Education, beyond those offered by this policy, the Student's IEP Committee and/or 504 Committee shall address those concerns on a case-by-case basis.

#### **G. MINIATURE HORSES**

1. Reasonable modifications in policies, practices, or procedures will be made to permit the use of a miniature horse by an individual with a disability if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability.
2. In determining whether reasonable modifications in policies, practices, and procedures can be made to allow a miniature horse into a specific District facility, the District must consider the following factors:
  - a. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
  - b. Whether the Handler has sufficient control of the miniature horse;
  - c. Whether the miniature horse is housebroken; and
  - d. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.
3. All additional requirements for Service Animals in these regulations shall apply to miniature horses.

#### **H. CLASSROOM PETS:**

Classroom pets can provide opportunities to achieve a variety of learning objectives **enhance the learning environment**. Due to the issues such as allergies, injuries, and zoonotic

diseases, however, teachers should exercise restraint and take appropriate measures to limit the risks associated with classroom pets.

1. Classroom pets shall be allowed at the discretion of the building principal.
2. Classroom pets should be limited to animals that are bred in captivity, and necessary to achieve the learning objectives. Animals appropriate for the classroom include fish, psittacine birds, reptiles and amphibians, and pocket pets (e.g., hamsters, guinea pigs, gerbils).
3. Students should not be permitted to handle any pet or be given caring or cleaning duties without prior parent/guardian consent.
4. Cleaning of pet enclosures should be done as often as necessary following procedures outlined below, to keep the animal healthy, prevent odors from building up, and eliminate any unsanitary conditions.
5. **Classroom pets should be placed away from return air ducts, carpets, upholstered furniture, and from students with known allergy or asthma problems.**
6. ~~5.~~ Procedures:
  - a. Fish – Use disposable gloves when cleaning aquariums, and do not dispose of aquarium water in sinks used for food preparation or for obtaining drinking water.
  - b. Psittacine birds – Because these birds (parrots, parakeets, budgies, cockatiels) can carry disease, they cannot be handled by students. Staff members should clean cages when students are not present. Birds must be treated or test negative for psittacosis (chlamydiosis).
  - c. Reptiles and Amphibians – Because of the risk of Salmonella bacteria, special precautions must be taken when students handle these animals. Students under the age of five should not have contact with reptiles and amphibians. No turtles with a carapace length less than four inches are allowed in schools. Any child handling a reptile or amphibian must wash his/her hands thoroughly with warm water and soap afterwards. Hand sanitizer or “wet wipes” can only be used as an adjunct to soap and water.
  - d. Hamsters, Guinea pigs, and Gerbils – Because these “pocket pets” can carry Salmonella bacteria and Lymphocytic choriomeningitis virus, special care must be taken when students handle these animals. Students under the age of five must not handle these animals. Any student handling a “pocket pet” should be instructed to wash his/her hands thoroughly with warm water and soap afterwards. Hand sanitizer or “wet wipes” can only be used as an adjunct to soap and water.
7. ~~6.~~ Any animal bites or scratches from a classroom pet should be immediately reported to the school nurse.

#### **I. ACADEMIC USE OF CLASSROOM ANIMALS:**

1. **The use of animals in classroom settings must serve an instructional purpose, align with state standards, and be temporary in nature (unless otherwise noted in standards).**
2. **The academic use of classroom animals must:**
  - a. **Have a direct curriculum integration;**
  - b. **Include a comprehensive care plan and safety protocol for the animals;**
  - c. **Include purposeful housing of the animal(s);**
  - d. **Model ethical science practice; and**
  - e. **Have principal and District approval.**

#### **J. ~~F.~~ LIMITATIONS:**

1. Nothing in this Rule shall infringe upon any right provided to students with individualized education programs or plans pursuant to the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 (Section 504), or the Americans with Disabilities Act (ADA).
2. Nothing in this Rule shall infringe upon the use of trained animals by law enforcement as part of their duties and responsibilities.
